## DEADLINE APPROACHES FOR GROVES AWARD NOMINATIONS

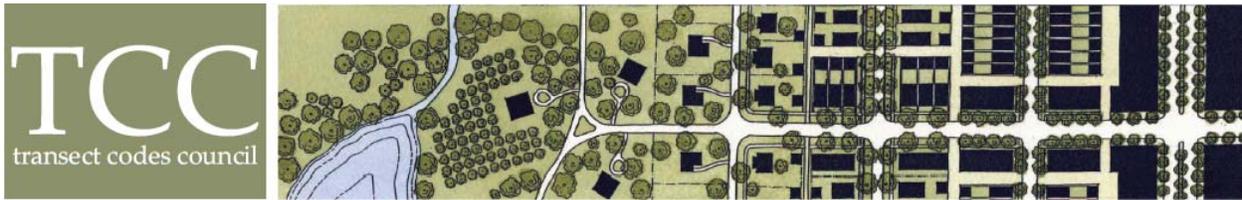

Nominations for the 2017 Groves Award for outstanding leadership and vision in the promotion of Transect-based planning are due March 14, 2017. The Award, given jointly by the Transect Codes Council (TCC) and the Congress for the New Urbanism (CNU), honors the late Ken Groves.

Groves was the planning director of Montgomery, Alabama, where he is credited with leading one of the most ambitious redevelopment efforts in recent American history. First awarded in 2011, a year after Groves' death, the Award has gone to:

- Miami 21, the innovative rezoning effort in Miami, Florida
- Mathew McElroy, Development Director for the City of El Paso, Texas
- The Treasure Coast Regional Planning Council, a public agency in Florida instrumental in reversing regional sprawling development patterns
- Rick Bernhardt, Planning Director for the City of Nashville, Tennessee
- Matthew Lewis, Assistant Planning Director for the City of Austin, Texas
- Andy Blake, City Manager for the City of Ranson, West Virginia

Any **public official or group, elected or staff**, except for the sitting jury, is eligible for the Award. An entire planning department may be nominated. Nominations are welcome from any public or private sector planning professional, agency, firm or non-profit.

The winner will receive the Award at the annual gathering of the Congress for the New Urbanism, scheduled for May 3 - 6, 2017 in Seattle, Washington. For more information about the award and past winners, along with the rules and nomination form, visit the Center for Applied Transect Studies. For questions, contact Jason King or Rick Hall.

## GROVES AWARD JURY PROCEDURE

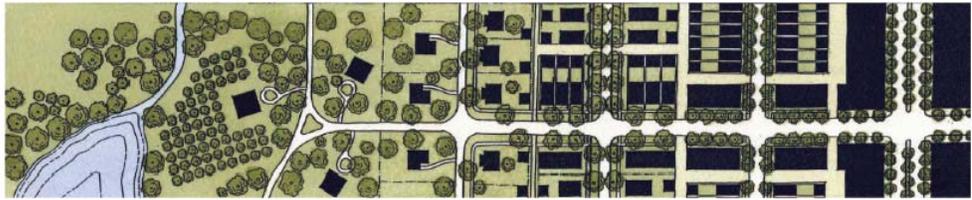

It is a TCC/CNU policy that jury membership broadly represents the disciplines of Transect-based planning and CNU membership. Award recipients are selected by vote of the Awards Jury which is composed of the full TCC Board. Jury members review the nomination forms and rank the candidates based on the significance of the accomplishments cited, their relevance to the award, and the timeliness of the nomination. Unsuccessful nominations will be retained to be considered through three award cycles.
